

RUNIMEX

About Us

Runimex as a family business is a leading company founded in 2008 with the core service in export of dried fruit especially dried apricot and plum for different markets.

We have very high potential in supplying these products according to the taste, needs and the requested quantity and quality of the target market in the most distinctive, unique and specific packages.

Our mission is to supply and export the products with the highest quality and standards, competitive price and also most important one; on time loading. In order to achieve the highest level of customer satisfaction, we do all the processes in the shortest possible time.

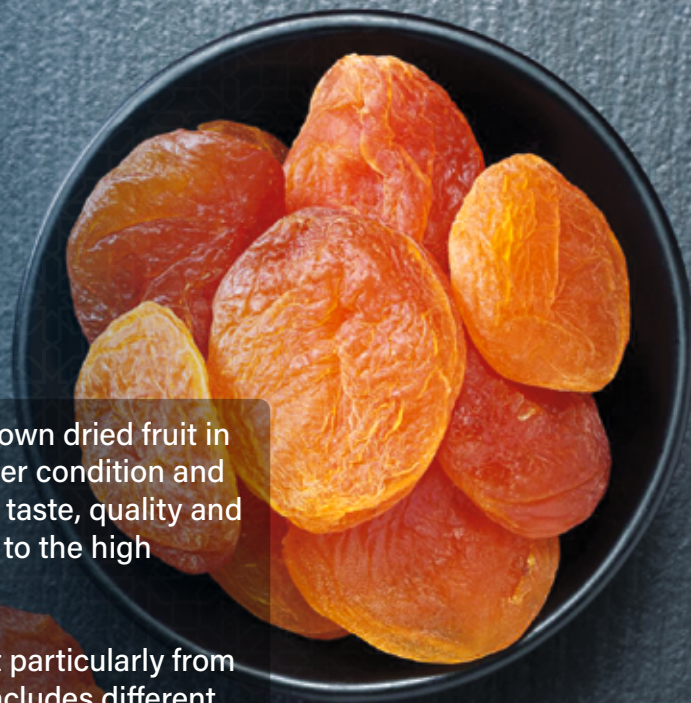

We have exported to Emirates, CIS countries; Russia, Iraq, Qatar, Oman and also we wish to experience new opportunities in new markets through export business.

Products

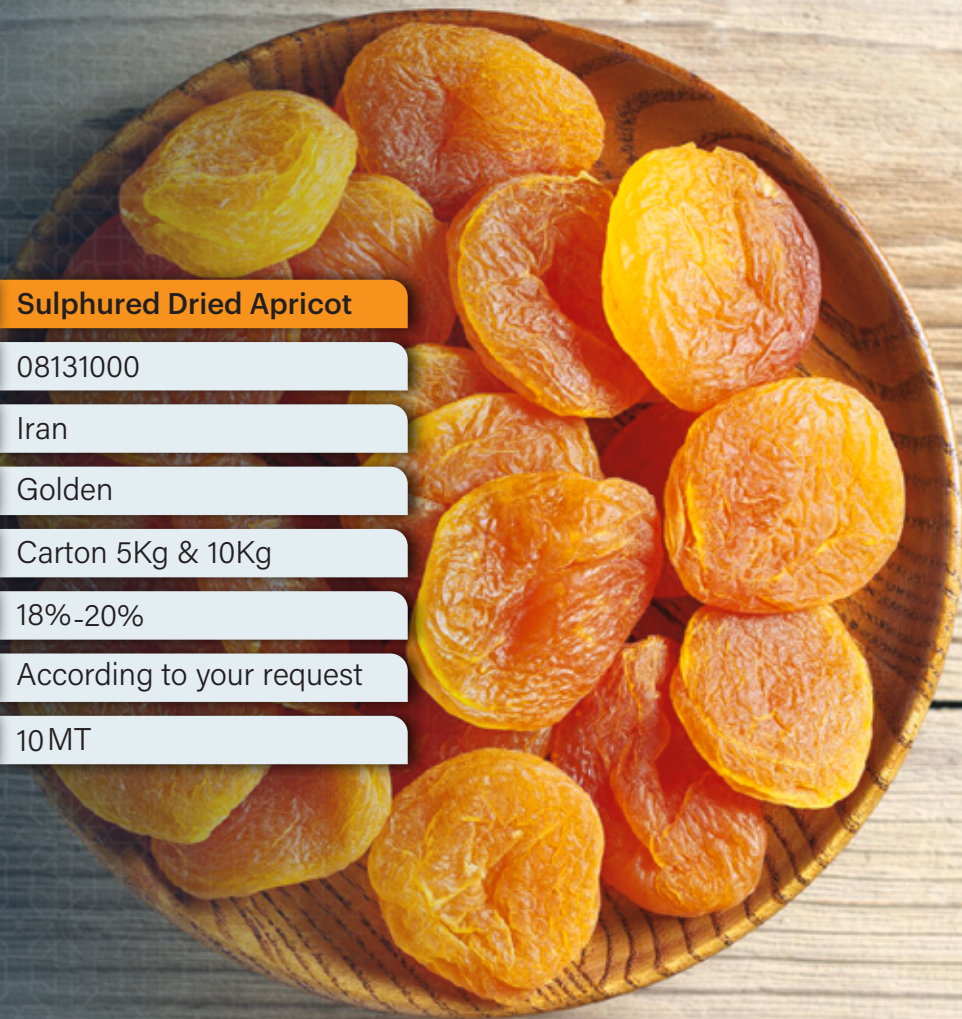

Dried apricot is one of the most well-known dried fruit in Iran especially in Azerbaijan. The weather condition and composition of the soil influence on the taste, quality and even the fragrance of this fruit and lead to the high quality dried apricot.

Plum is another Iran's famous dried fruit particularly from the region of Azerbaijan. This product includes different types of vitamins and it's one of the sources of antioxidant and it can be used as snacks for the children in snack time as a healthy and nutritious food.
